April 20, 2022

The City of Evans adopted 1041 Regulations for Areas and Activities of State Interest, specific to oil and gas within the current and future boundary of the City of Evans. These Regulations closely follow the same as found in the Weld County Code. Through an Intergovernmental Agreement with Weld County, the City of Evans has contracts for services with the Weld County Department of Oil and Gas Energy Department.

Applications for an Evans – Oil and Gas Location Assessment (E-OGLA) Permit are submitted to the City of Evans. Weld County will process this application following the established WOGLA procedures found in the Weld County Code.

E-OGLA Permit procedures are found in Chapter 18.12 of the Evans Municipal Code. While similar to those procedures found in the Weld County Code, the following information is specific to the City of Evans:

- Applications are to be submitted electronically to the City of Evans.
- The application forms are the same as found on the Weld County website and include a pre-application meeting request form, the application form, and a Sundry Form. These forms are also attached to this cover memo.
- The $11,000.00 application fee shall cover the anticipated Weld County staff time necessary for permit processing ($10,000.00). Unused portions of this Weld County fee shall be refunded after all documents and processes are finalized. Any additional fees necessary shall be paid prior to recording all documents and finalization of all processes.
- The City of Evans has adopted specific noise standards. Please review the Municipal Code.
- The City of Evans does not allow Lighting Zones 3 and 4.
- A Development Agreement shall be entered into between the Operator/Applicant and the City of Evans. This Agreement shall be entered into following the Hearing Officer's findings. The Agreement shall be provided to the application after submittal of an application.

Weld County
Oil & Gas Energy Department
Sundry Form
