

City of Evans Community Development Landscape Plan Guide

The following materials are needed for a Landscape Plan, as required for select land use applications.

1. Landscape Plan must be completed by a relevant professional.
2. Landscape Plan must be submitted on white paper that is 8 ½ x 11” in size and in .pdf format.
3. User information including name of entity; legally responsible person’s name; address; telephone number; email address; and site address.
4. A written narrative describing the proposed Landscape Plan, including the following items. The applicant may reference and include other plans or documents as appropriate to address the following:
 - a. The proposed amount of water dedicated toward this landscaping;
 - b. The proposed amount of water used by this landscape per week, and per month through the irrigation season;
 - c. The proposed landscape design;
 - d. A list of the proposed plants used in the landscape design;
 - e. A 5-year maintenance plan for the proposed landscape design;
