### WHAT IS VOYENT ALERT! ?

Voyent Alert! Is a multi-purpose communication service provided by the **City of Evans**, Colorado to keep you informed of critical events like fires or floods as well as day-to-day communications such as road maintenance and closures, water advisories, etc.

## WHAT CAN YOU EXPECT

### PERSONALIZED COMMUNICATIONS

Voyent Alert! provides informative communications. Critical information such as the distance and direction from an incident, and preferred evacuation routes from your followed locations may be provided.

### FOLLOW MULTIPLE LOCATIONS

Voyent Alert! allows you to create and follow multiple locations such as "Kids School" or "Mom's House". Any event or communication related to your followed locations will be forwarded to you along your preferred communication channel.

### COMMUNICATIONS YOUR WAY

Receive alerts over a wide variety of communication channels including mobile apps, text/SMS alerting, email or voice dial. You can register for one or more communication channels.

### NO MESSAGE FATIGUE

Smart alerting capabilities ensure that you will only get notified when a communication is relevant to your or one of the locations you are following.

### EASY REGISTRATION

Registration for the service is FREE, simple and anonymous.

# Evans Planning Commission needs your voice

## Getting nowhere with the Facebook comments section? Join the Planning Commission and be a part of the solution

Are you unsatisfied with the decisions your city makes? Do you find yourself wondering why your city spent money fixing that road and not your road? Are you convinced that the city has the money to spend on the things you wanted if they just managed their money better? Did you see a post on the City of Evans Facebook and immediately jump into the comments section to vent your frustration about the decisions your city is making? If so, then you may be a prime candidate to join the City of Evans Planning Commission.

By becoming a member of the committee, you will have a direct say in large decisions that affect your city and your community. You will be involved in the planning process and gain insight into budgetary and logistical challenges. While Facebook can be a good place to get information, the comments section rarely affects change like becoming an active member of your city's boards and commissions.

This is your opportunity to become an impact player in your city and make tangible change in your community. Apply today and join the Planning Commission: <https://www.evanscolorado.gov/news/post/744/>

# Illegal fireworks could result in a \$2,000 fine

The **Evans Police Department** is rooting for you to have an epic 4th of July. If you want to ignite illegal fireworks, remember that it could cost you a \$2,000 citation. We recommend saving \$2k and a court appearance by attending one of the many fireworks shows across the state. Most of them are free, family-friendly, and significantly better than anything your super cool neighbor shoots out of their driveway.

## Here's a list of fireworks displays in Colorado

# Heritage Day returns Saturday, September 16th

Clear your calendars for one of the best fall celebrations in Northern Colorado. **Evans Heritage Day** will be held on Saturday, September 16th, with activities for all age groups. The day kicks off at City Park with a pancake breakfast at 8:30 am and is followed by the always-popular Heritage Day parade at 10 am. Following the parade, the party's just getting started. A vendor fair, amusements, and food trucks will keep the fun going until 2 pm. Then you can head home for a nap before returning for the nighttime festivities at Riverside Park from 5:00-8:30 pm. Attendees will enjoy food trucks, live music, amusements, and a beer garden. Make sure to stick around till the end, because the crowd-favorite fireworks will end the celebration with a bang at 8:30 pm.

# Two Wheels Take Center Stage

RIDE WITH A HERO

## RIDE TO WORK DAY

Two events featuring two wheels took center stage in Evans during the final week of June. The city held a community event called **Ride with a Hero** (RWAH) at Riverside Park. RWAH gave kids a chance to ride a bicycle obstacle course and get bike safety tips from the Evans Police Department. They were also able to shoot water out of the fire department's fire hoses and tour the inside of a fire truck. A few days later, Evans held **Bike to Work Day**. Evans bicyclists cruised by a city-sponsored breakfast station at Roasty's Coffee at 11th Avenue and 32nd Street. The day was designed to encourage and celebrate alternative modes of transportation and is held annually.

EVANS RESIDENTS GATHER FOR NNO IN 2022

## Evans PD sponsors National Night Out

Your neighborhood is invited to participate with many other neighborhoods and businesses across the country in celebration of National Night Out on Tuesday evening, August 1, 2023.

National Night Out is a crime and drug prevention event sponsored by the National Association of Town Watch and co-sponsored locally by the Evans Police Department.

### National Night Out is designed to:

- ❖ Heighten crime and drug prevention awareness.
- ❖ Generate support for, and participation in, local anti-crime efforts.
- ❖ Strengthen neighborhood spirit and police/community partnerships.
- ❖ Send a message to criminals letting them know neighborhoods are organized and increasingly aware of their surroundings.

Participating neighborhoods nationwide are asked to turn on outside lights and spend the evening outside with neighbors, citizens, and police. Neighborhoods will be hosting a variety of events ranging from small potlucks and barbeques to large block parties. Some additional event ideas include, but are not limited to, ice cream socials, games, contests, discussing neighborhood issues, setting neighborhood goals, beautifying a common area, discussing or planning a Neighborhood Watch Program. It's up to you – be creative, have fun and celebrate with your neighbors!

Registration is free, so register your neighborhood for this year's event today. You do NOT have to be a current Neighborhood Watch neighborhood to participate. National Night Out is for everyone! Register now and begin planning your event as soon as possible.

# Local Teens Explore Police Work

Immersive, interactive course gives teens hands-on experience with law enforcement.

The **Evans Police Department** hosted the annual **Teen Police Academy** summer course. Middle school aged students learned the ropes of law enforcement during a four-day course that was held June 12th-15th. Participants got hands-on experience with police work by using radar guns, documenting a crime scene, performing traffic stops, and taking part in a distracted driver course.

# Thefts From Vehicles Increasing

The **Evans Police Department** has seen an increase in the number of thefts from parked cars. In many cases, the vehicles were locked, and thieves broke into the car to remove personal items. In other cases, the vehicles were left unlocked, and thieves simply helped themselves. The most frequent types of personal items stolen include wallets, purses, car stereos, driver's license, insurance and registration information, computer laptops, cell phones, license plates, and garage door openers that may be used at a later date to gain access into a home. Not only is the theft of personal items difficult for the victim, but many of these stolen items can also be used by thieves to commit other crimes such as credit card fraud, and identity theft, to name a few.

Criminal vehicle trespass, commonly referred to as car break-ins, usually occur in clusters within neighborhoods. Thieves will target a neighborhood late one evening, moving to another neighborhood on another night. The result is that cars parked anywhere throughout the city can be a target.

While this type of crime is disturbing, the good news is that there are a number of common-sense steps you can take to reduce the chances that you may become a victim of this crime.

## Police encourage citizens to:

**Lock your car doors.** As simple as it sounds, you would be surprised at how frequently items are stolen from an unlocked car. If a thief is looking at two vehicles, one locked and the other unlocked, the thief will routinely choose the unlocked car. Securing your car by closing the windows and locking the doors can help reduce your chances of being a victim of criminal vehicle trespass.

**Don't leave anything of value in your car.** Leaving your purse, wallet, checkbook, computer laptop, or even your golf clubs in plain sight in your car can be an open invitation to a thief. If you must leave personal items in your car, secure them in the trunk and out of sight of the thief. Don't forget to remove your gym bag with your dirty clothes in it, or your book bag. A thief does not know what is in the bag and may be hoping to find your wallet, credit cards, checkbook, cell phone, palm pilot or other items of value. Always remove these personal items from your vehicle when you park the car for the evening.

**Use safety features if you have them.** Activate your car alarm, remove stereo faceplates, and use a wheel locking device if you have them.

**Park in a well-lit and secure area that is visible to others.** Thieves prefer to break-in to cars parked in a dark, secluded area, and will avoid well-lit areas if possible. Don't make it easier for the thief to do his work.

**Form a neighborhood watch group.** If you are a victim of crime, notify the police and your neighbors, and consider forming a neighborhood watch group to look out for one another. Be sure to report any suspicious or criminal behavior to the police.

**Report the crime.** If your car is broken into, contact Evans Police Department at 970-339-2441 to file a telephone report. An officer can be dispatched if you have information on a possible suspect or the thief left some evidence in the car.

# Led Zeppelin sets the soundtrack of the 37th Street roundabout project

If the 37th Street Roundabout Project had a theme song for the month of June, it would be hard to find a better soundtrack than “When the Levee Breaks” by legendary rock band Led Zeppelin. Before the English rock icons remastered the song, the score was originally composed in the 1920’s and was inspired by the arduous living conditions in the south following a massive flood on the Mississippi River. The song’s harmonica floats atop a steady, pounding drum beat and a steely guitar riff that oozes heavy machinery and industrial tones. The ballad’s muddy, locomotive rhythm is the perfect soundtrack for a construction site that’s been hit with relentless rain.

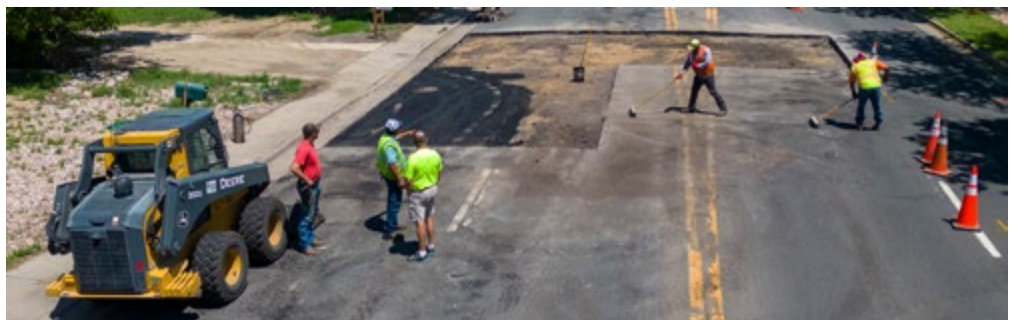

Fortunately, the metaphorical levee that symbolizes a completely flooded and unworkable work area, didn’t break. However, construction crews are planning long days and weekends to recoup weeks of delayed work time. To put the amount of rain Colorado has received in perspective, one meteorologist at a Denver TV station reported that the City of Denver has received more precipitation through June than it did in the entire year of 2022. It’s great to have the moisture, but heavy doses of rainfall produce a muddy construction site, which is largely unworkable for construction crews. Despite the setbacks, the progress is palpable, with curb and gutter and an immense amount of concrete being laid during the final week of June. Soon, asphalt will follow in strategic areas and a roundabout will begin taking shape. Hopefully, the month of July is more cooperative because if it keeps on rainin’, the metaphorical levee’s goin’ to break.

## Quick repairs reopen flooded 49th Street

While a levee didn’t break during June, flooding broke the foundation of 49th Street, rendering it unsafe to drive on and the city was forced to close the road between Nevilles Crossing and 65th Avenue. The street required intensive surgery to restore it to driving condition. Crews expedited manpower and supplies to re-open the busy thoroughfare.

Emergency road repairs often require multi-agency cooperation, and in this case, fixing 49th Street included gas and waterline clearance from Atmos Energy and Greeley Water. Mountain Constructors arrived on site within an hour of the initial report and began to repair the road.

The same week that 49th Street buckled under heavy rain, 65th Avenue to Two Rivers PKWY did the same. The west Evans Street suffered a shoulder washout that was repaired quickly and re-opened to traffic safely.

Crews perform an asphalt patch at the intersection of 32nd Street and 11th Avenue

The City will provide weekly updates on recently completed work and what to expect for the week ahead. More information on the project can be found on our <https://www.evanscolorado.gov/news/post/607/>
